Introduction

HNSA racing events are governed by the “rules” as defined in the Racing Rules of Sailing (RRS) except any of these are altered by these Sailing Instructions and any amendments or the HNSA Racing Rules.

The current HNSA Course Book and HNSA Racing Rules are separate documents. However, they are part of the Sailing Instructions and any reference to the Sailing Instructions includes the Course Book and Racing Rules by reference.

Starting Sequence

HNSA uses the starting sequence as specified in Racing Rules of Sailing. Additionally, the club requires the use of the ‘L’ flag as defined in the back cover of the RRS to mean “come within hail or follow me” while the committee boat is going on station. The ‘L’ flag will be lowered exactly one minute before the next flag is to be raised accompanied by repetitive horn blasts. Together, these signals will indicate to competitors that the starting sequence is about to commence.

If the start of the race is delayed the AP flag will be displayed with two (2) sounds, and lowered with one (1) sound one minute before the new starting sequence begins.

Designating Courses to be Sailed

Class course boards hung on the side of the Committee Boat will indicate which option of the course is to be sailed – either Short or Long. Numeral Pennant 5 will indicate the Non-spinnaker course, Numeral Pennant 6 will indicate the Spinnaker B course, and Numeral Pennant 9 will indicate the Spinnaker A course.

Non-Spin Board

Spin B Board

Spin A Board

A separate board with either a single letter A through Z or numeral 1 through 4 will indicate which course from the HNSA Course Book will be sailed.

Example Course Board for Course “G”

Example Start Sequence

The following chart shows an example of a starting sequence with spinnaker boats starting first, followed by non-spinnaker boats.

Common Signals

The meanings of visual and sound signals commonly used at HHSA are stated below. An arrow pointing up or down (↑ ↓) means that a visual signal is displayed or removed. A dot (●) means a sound; five dashes (-----) mean repetitive sounds; a long dash (—) means a long sound; empty parentheses () indicate no sound. When a visual signal is displayed over a class flag, the signal only applies to that class.

Starting Signals

Preparatory: Up - Four minutes until the class start. All boats in the class are considered racing. Down one minute before class start.

L Flag: Afloat: Come within hail or follow this boat. Down with multiple sounds one minute before new start sequence.

Non-Spinnaker Class Warning: Up at the warning signal for the non-spinnaker class. Down with cannon or horn for the start.

Answering Pennant: Races not started are postponed. Start sequence to commence one minute after removal.

Spinnaker B Class Warning: Up at warning signal. Down with cannon or horn for the start.

Spinnaker A Class Warning: Up at warning signal. Down with cannon or horn for the start.

R Flag: When flown from the Committee Boat indicates that another race is planned. Down one minute before warning signal of next race.

Other Signals

Individual Recall: One or more boats were OCS. The flag is displayed until all boats have properly started or at the succeeding start's one-minute signal, whichever is first.

S Flag: Displayed with two sounds to indicate that course has been shortened.

General Recall: The entire class will be restarted. The warning signal will be one-minute after the flag is removed.

Y Flag: When displayed from the committee boat, wear a personal floatation device.

N Flag: Races started are abandoned. Return to starting area. Start sequence will commence one minute after removal, unless all racing is subsequently abandoned.

C Flag: Displayed with repetitive sounds to indicate a change of course.

Handicaps for Cruiser Racing

Cruisers will be assigned provisional PHRF handicaps at the skippers' meeting or by the Rear Commodore/Racing after the race unless a skipper can show a valid certificate.

Course Information

The day's race course will be selected from the HHS Course Book, copies of which are available for download from the HHS Racing website and upon request from the Rear Commodore/Racing.

The following table shows approximate positions of marks that are most often used in setting courses. A more complete listing can be found on the Racing website and in the HHS Course Book.

Racing Rules for Cruisers

Upon reaching the starting area and prior to the race, boats shall check in with the Race Committee by coming close and hailing. Note the race course marks displayed on sign boards on the committee boat lifelines on the side away from the starting line. Keep radio usage to a minimum, but monitor **VHF Channel 68** before and during the race.

Example Starting Sequence

<i>Signal</i>	<i>Flag & Sound</i>	<i>VHF</i>	<i>Example time race</i>
	'L' lowered, multiple short horn blasts		10:54
Warning	Class flag(s) raised; 1 horn blast	"5, 4, 3, 2, "	10:55
Preparatory	'P' raised; 1 horn blast	"Racers Prep"	10:56
One-minute	'P' lowered; 1 long horn blast	"5, 4, 3, 2, "	10:59
Starting	Class flag(s) lowered; 1 sound, next class flag raised	"5, 4, 3, 2, all clear"	11:00
Preparatory	'P' raised; 1 horn blast	"Cruiser Prep"	11:01
One-Minute	'P' lowered; 1 long horn blast	"5, 4, 3, 2, all clear"	11:04
Starting	Class flag lowered, 1 sound*	"5, 4, 3, 2, all clear"	11:05

* sound may be a horn blast or cannon fire

A boat must pass across the line between the committee boat's mast and the starting mark (inflatable mark or fixed mark such as HHS A) heading in the direction of the first mark of the course, as soon after the starting signal as possible.

Similarly at the finish, a boat must cross the line between the committee boat's mast and the finishing mark in the direction from the preceding mark of the course. The Race Committee will indicate a finish with a sound signal (horn or cannon).

Basic Right Of Way Rules

On opposite tacks, a boat on port tack (boom on starboard side of boat centerline) shall keep clear of a boat on starboard tack (boom on port side of boat centerline). It doesn't matter which side any head sail is on.

Note, the boats may not be sailing in the same direction, i.e., a port tack boat sailing upwind must yield to a starboard tack boat sailing downwind, and vice versa.

Note, downwind it is very easy to change tacks by simply switching the main from one side to the other.

On the same tack, overlapped (any portion of the following boat ahead of an imaginary line perpendicular to the leading boat's transom), the boat to windward shall keep clear of the leeward boat:

Sailing downwind, leeward is defined as the side the boom is on, so two boats sailing dead downwind with booms on their port side (both on starboard tack), the boat to port would be the leeward boat and the boat to starboard must keep clear. Overlaps are often hard to judge. If there is doubt, assume one exists.

On the same tack, not overlapped, the boat clear astern shall keep clear of the boat clear ahead. Once an overlap is established then windward/leeward applies.

There is usually little to be gained sailing adjacent to another boat, so when given a choice, pass either three or more boat lengths to windward or leeward of another boat.

Always allow the give way boat room and time to respond. Hail the give way boat to give way.

Avoid collisions regardless of who has right-of-way.

Be especially careful at the start and rounding marks as this is where there are typically several boats sailing in close proximity.

All participants, racers and cruisers, are encouraged to fly the HHS burgee, so that participants can be readily identified on the course.

12 Appendix B - SPECIAL INSTRUCTIONS FOR A RABBIT START

1. In the absence of an on-station Race Committee, the following replaces sections of the Sailing Instructions.
2. If the "Rabbit" has not been designated prior to the race, the "Rabbit" shall be a boat chosen among boats which are present at the rendezvous location.
3. There will be only one start for all boats, and it will be a "Rabbit Start". The Rabbit Start is used to start a race to Windward in the absence of a Committee Boat. The Rabbit shall announce the course (Long or Short) for each class, and each class will be scored separately. The Rabbit shall serve as the check in boat and signal boat. All signals will be horn and/or radio. No visual signals will be used.
4. At approximately the time published in the Sailing Instructions (SI's) for the Warning Signal, the Rabbit will pass the starting mark on a starboard course. The Rabbit shall proceed a distance to allow returning to the starting mark and heading off close hauled on port tack at approximately the start time published in the SIs. All boats must leave the starting mark to port and pass behind the Rabbit on starboard tack in order to start, as described in more detail below. The Rabbit shall record the time her transom passes the starting mark as the official race start time.

Position	Signal	Approx. Time	Sound	Rabbit's Actions
1	Warning	Time as published in SI's	1 sound	Pass in the immediate vicinity of the starting mark on a starboard tack beam reach which she maintains for about 2 minutes.
2		~+3 mins.		Tack or jibe; return to the starting mark on port tack beam reach
3	Start	~+5 mins.	1 sound	Pass the starting mark to port, sailing close hauled. Record the start time.
4	End of starting sequence	~+ 6 mins.		The Rabbit may tack to starboard at any time after all boats have crossed her stern, or after the Rabbit has crossed the bows of all boats, or any time later than 90 seconds after passing the starting mark.

5. The diagram below shows the sequence in a visual format

6. The starting line is the line between the port-end starting mark and the Rabbit's transom. A boat starts when it crosses the starting line while the Rabbit is on port tack. After starting, all boats shall remain on starboard tack until the Rabbit has tacked to starboard. A boat failing to start properly may do so by sailing to the approximate location the Rabbit tacked to starboard and make a turn – one tack and one gybe.
7. All times are approximate. The absence of a sound signal shall be disregarded. This modifies RRS 26.
8. Boats shall take their own finish times in accordance with HHSA Racing Rules Section 8.B and 8.C and announce the time over VHF Channel 68 until acknowledged by the RC Racing or another competitor. This modifies rule 8.B.
9. Finishing boats shall stay in the vicinity of the finish line until the boat behind them has finished and announced a finish time. The last boat to finish shall disregard this requirement.
